Election/Restrictions

1. Claim 1 is generic and allowable. Accordingly, the restriction requirement as to the encompassed species is hereby withdrawn and claims 3, 4 and 7, directed to the non-elected species, are no longer withdrawn from consideration since all of the claims to this species depend from or otherwise include each of the limitations of an allowed generic claim.

In view of the above noted withdrawal of the restriction requirement as to the linked species, applicant(s) are advised that if any claim(s) depending from or including all the limitations of the allowable generic linking claim(s) be presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 44 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: none of the cited prior art teaches a foldable spa cover hinge assembly having, in conjunction with other limitations, a gas spring that is extended and inclined upward when the spa cover is in the fully open position to form an angle of less than approximately 45 degrees with respect to the top of the spa and be compressed as the spa cover is moved toward the fully closed position such that the angling of the gas spring is used to resist the movement of the cover from the fully open position to the fully closed position as

claimed in applicant's amended claims and presented in applicant's arguments (Remarks section, pages 11-23).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims 1-7, 9-23 and 26-28 are allowed over the prior art of record.
